Dear Dad

Thank you for providing transport and taking me on my first day of the amazing race. My favourite part of the day was probably looking at all the beachhop cars, going to the Te Puna quarry and going in that underground place at Waihi. The most hardest part was running through the tunnel in pitch black without a torch. Thank you for buying me the fanta at Waihi. The most boring thing was probably running to the tunnel it was really far.

Your sincerly

From Levi
